1. The following is an examiner's statement of reasons for allowance:

Regarding Williams, as shown in Fig. 3 the camera 54 (identification means) and the speaker 56 (audio communications device) use different communication cables to communicate with central controller/monitor 14,16. Regarding Martin et al, the "intercom" (audio communications device) is not disclosed as being "included in a single unit" with the guest room card reader 55 (identification means), nor is it particularly taught that the "intercom" and a card reader 55 would necessarily use "the same communications cable".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
